SECTOR
Direct marketing & Digital support

LOGO
(provided by the client)

CLIENT
Tannit Agency is an agency specialising in direct marketing and digital support, with particular experience in the pharmaceutical sector, although its services are available to any type of company. It also operates under a white label model, offering its services to other agencies that wish to outsource them confidentially.

TARGET AUDIENCE

*	Profile	Description
Profile 1	Other Agencies (white label model)	Agencies that need to outsource marketing services or digital support in a transparent manner.
Profile 2	Pharmaceutical sector companies	Laboratories, distributors and companies in the healthcare environment need specialized marketing support.
Profile 3	Companies in other sectors	Any company that needs direct marketing services or professional digital support.

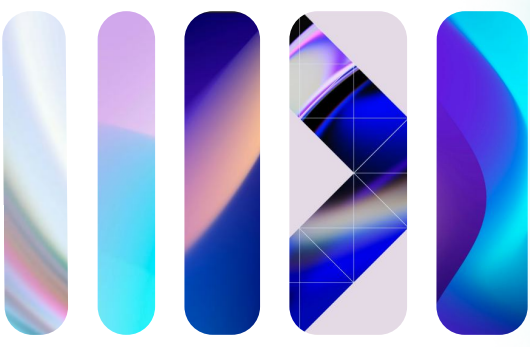
Logo and icons
Is available and will be provided.

Copywritting
It will be sent, but we always like to hear opinions from SEO experts.

Limitations
No real photos, better to use colour or gradients or icons.

Digital marketing*

The Digital Marketing section will feature a distinct visual treatment compared to the rest of the website.



This area will incorporate a more vibrant background palette, along with contemporary patterns and modern graphic compositions, to visually differentiate the digital layer from the more operational service areas.

All visual assets, including extended color applications, patterns, and layout references, will be provided for implementation.
